FOREWORD

This information has been put in chronological order. You must read at least pages 1-21 to understand the chapter on the meat of the book- The Parodies. Our objective for writing this book is to Expose Satan. One of Satan's greatest defenses is Stealth. The parodies that we will exhibit leave no doubt that he exist and is a behind the scenes major force of influence in our world today. GOD said exposing Satan would bruise his head. This can only happen by the Word of GOD, The way the Word of GOD has specified; EXPOSE, EXPOSE, EXPOSE. This is one of four (4) volumes. It will unmask, pull the cover off of these parasite supernatural beings that feed off humanity to sustain their own existence. Their hatred for GOD and humanity is staggering their own PRIDE and ARROGANCE has exposed them. No human could have consciencely conceived the parodies you'll be reading. We'll show you Vampires, Freddie Krugar (Nightmare on Elm Street), and Nephalim Spirits such as the mighty Hercules; also the fountain of youth, all of these are parodies of the Bible. It will make sense to you why Jesus Christ shed his blood. We will share several mysteries hidden from the foundation of the Earth for such a time as this. We need your help and we pray that this book will touch your heart and unlock to you a revelation who Satan really is through the parodies.
